Normally it would be anticipated that some form of drink is available throughout the match. The arrangements should be notified to the visitors before travel.

D LEAGUE POSITIONS

- D01 The Division winners will be the team winning the most matches. If a tie occurs between two or more teams the order determining the places will thereafter be:
Most games wins > Most points (hoops run) scored > Which team beat other team.
If the placing is still undecided then the team winning the most single games between the otherwise equal teams would be placed higher.

D02 If at the end of the season a match has not been played due to failure to fix a date or cancellation by one team or for any other reason, then the League Manager will, after consultation with the Chair, determine the result to be declared, i.e. a draw or a win for one side or the other. The end of the season is deemed to be 31 October.

E MANAGEMENT

- E01 For each team the Club shall appoint a Team Coordinator who may manage more than one team if desired.
- E02 Home team coordinators are responsible, in agreement with the away team, for fixing the date; time and refreshment arrangements for each match.
- E03 To minimise the chance of a cancelled match, when fixing a match date, it is recommended to also select a fourth/reserve player who will play only if a selected player is unable to attend.
- E04 Where a match has been arranged and either team coordinator/match captains considers that the match may have to be postponed, for any reason, they should make contact with their opposite number, by telephone, as quickly as possible to prevent travel, preferably by the evening before the match. (Coordinators should ensure that proposed match captains mobile and land-line telephone numbers be issued to the other team upon first contact).
- E05 If a match is abandoned after the first game has started, for any reason, the two team captains should agree whether or not the match should be rescheduled. If the match is not to be rescheduled then the score sheet should be finalised, but only for completed games, and then submitted with a note explaining the circumstances of the abandonment.
- E06 If it is determined that there needs to be a 4th Division it will follow the rules for the 3rd Division.
- E07 Courts should preferably be of standard size, 28 yards by 35 yards – length unit 7 yards. If the available area is too small for a standard court, a smaller court may be laid out but the court proportions of five length units by four length units should preferably be maintained. Courts must have a length unit of at least 3½ yards and with no hoop nearer to the boundary than 3½ yards; however, provided that the away captain agrees, a match may be played on lawns that do not meet these criteria.
- E08 The home team should have available during the match a copy of the rules referred to in clause B01 and have available a measuring device (eg tape or string) to determine any measurement dispute
- E09 In the event of an unanticipated situation, a dispute or a transgression of these Rules, the decision of the League Manager shall be binding.
- E10 The home team should ensure that the individual visiting players have the option, if they wish, of playing on the same court for as many games as can be practically organised
- E11 The result of the match should be recorded on the Result Sheet and a copy sent to the League Manager: David Gregory, preferably by e-mail, to leagues@eastmidlandscroquet.org.uk or by post, to Hillcrest, The Square, Main Road, Wensley, Matlock DE4 2LJ.
